## Shooting Star CHASE area from January 2014

### Shooting Star CHASE Catchment Area from January 2014 for NEW referrals

#### **Process for identifying the child's Borough/County of residence at referral and service eligibility**

The child's Borough/County/District of residence is based on the postcode of their home address.

The child's CCG is based on the GP practice that they are registered with.

**These may not be the same!**

At referral the process should be as follows:-

The child's home postcode should be checked at:

<http://local.direct.gov.uk/LDGRedirect/Start.do?mode=1>

This will confirm the Borough/County and district (if in a county).

This should then be used to decide whether or not the referral is within our catchment area.

For clarity the following boroughs/counties/CCG's are in our catchment area for new referrals from Jan 2014:-
