

Shooting Star Chase is a leading children's hospice charity caring for babies, children and young people with life-limiting conditions, and their families.

Whether lives are measured in days, weeks, months or years, we are here to make every moment count.

Children's Hospice Care

We worked with 642 life limited children and their families last year. Population estimates show that there could be 3500 life limited children in our area. How can we find out if we are reaching all those that need our help?

Pioneering database since 1999, also used by 10 other children's hospices

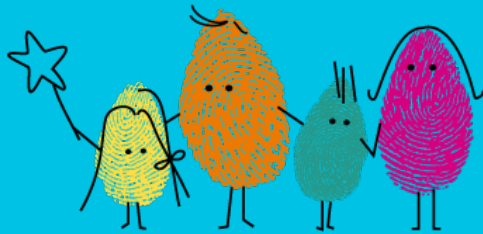

Data sets which provide information on all of the children we have worked with since then

Anonymised data, but with location, demographic, use of hospice information

Want solutions that are visual and have impact!

**Can you help us find the missing
30,000 children and families in the
UK who need our support?**
